Requirements for Participating in BNT Tournaments

Boxers must weigh-in during the appointed time-slot for a competition, whether competing or participating in an exhibition bout. In all competition bouts 10^{oz} (ounce) gloves will be worn (except Masters - 12^{oz}) and in exhibition bouts 12^{oz} gloves. When competing all Boxers must wear a **RED** or **BLUE** singlet (appropriate to the appointed corner); a mouth guard; a groin protector (Males); breast protector (Females); and an AIBA approved head-guard. A boxer can not use their own gloves. If the Referee terminates your bout due to being outclassed, injured or unable to continue, remember that the referee's action is for your protection; the Referee's primary responsibility is to protect Boxers from serious injury.
